The wireframe shows a desktop layout for a blog page. At the top is a navigation bar with a logo on the left, and links for Home, Products, Blog (underlined), and Contact on the right. A LOGIN button is also present. Below the navigation is a hero section with the title 'YOUR NEW BLOG' and the subtitle 'Engaging digital content'. The main content area is split into two columns. The left column features a section titled 'Our new site' with a placeholder image, a paragraph of text, a byline 'Mark Stephen | 1/12/2014', and a 'Read more...' link. Below this is another section titled 'We've just done a blog' with another placeholder image. The right column is titled 'Archive blog content' and contains three identical entries, each with the heading 'Archive 1' and a paragraph of text. At the bottom right of the page are icons for desktop, mobile, and home, along with a page number '01'.
